Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This is a follow-up to our April 10 letter regarding a highway noise analysis for the MacGills Common community, along westbound MD 32 between Shaker Drive and the US 29/MD 32 interchange, in Howard County. I appreciate your patience as we conducted our analysis and the opportunity to provide you with the results of our evaluation.

The State Highway Administration (SHA) has completed its highway noise analysis of the MacGills Common community under the State's Type I Sound Barrier Program. The results of this evaluation have determined that existing highway noise levels have not equaled or exceeded the 66 decibel impact threshold of the State's Sound Barrier Policy. Also, the projected future noise levels have been determined to not equal or exceed the 66 decibel impact threshold. In addition, a comparison of the effects of the proposed project and the cumulative effects of previous roadway improvements showed only a 1-2 decibel increase, which does not reach our threshold of 3 decibels for noise abatement to be considered reasonable. This result was expected given that the proposed improvements are minor compared to the existing facility and such improvements do not result in perceptible increases in noise. Based on this information, SHA cannot consider a sound barrier for the MacGills Common community. The highway noise analysis report is currently being finalized for the correction of minor typographical errors and the preparation of maps. Please contact us if you would like a copy of the final technical report when it becomes available.

Columbia MD 2146-1327

Dear Mr. and Mrs. Ticar:

Thank you for your recent letter regarding a sound barrier evaluation for the MacGills Common community, along westbound MD 32 between Shaker Drive and the US 29/MD 32 interchange, in Howard County. I appreciate the opportunity to respond to your inquiry.

The State Highway Administration (SHA) will evaluate the MacGills Common community for a sound barrier under the State's Type I sound barrier program. Type I sound barriers are considered when a new highway is being built or an existing highway is being expanded. This is to comply with environmental laws that were passed in the 1970s that mandate consideration of barriers in these instances. Under those laws, SHA performs an environmental analysis to determine if future noise levels can be reduced for a reasonable cost. Affected homes must predate the approval of the new highway or the highway improvements. As you stated in your letter, MD 32 is being expanded and an environmental analysis will be performed and a noise analysis will be part of that study. We anticipate that the noise analysis results will be completed and the results forwarded to you by the end of August 2000.

Thank you again for your letter and interest in the State's Sound Barrier Program. If you have any questions, please feel free to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962.

Sincerely,

Charles B. Adams

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the State Highway Administration's (SHA) October 16 informational meeting conducted for the Owens Glen and Westleigh communities in Montgomery County regarding the planned sound barrier project along MD 28. I appreciate the opportunity to provide you with this update. As indicated at the meeting, we require that 75 percent of the impacted homeowners must be in favor of the barrier project. The **Owens Glen** community has reached the required 75 percent concurrence. Therefore, SHA will continue with the final design and construction of the project. Construction of the improvements to MD 28, which incorporate the sound barrier project, is currently scheduled to begin in the Spring of 2001 and be completed by the Spring of 2003. I appreciate your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the State Highway Administration's (SHA) October 16 informational meeting conducted for the Owens Glen and Westleigh communities in Montgomery County regarding the planned sound barrier project along MD 28. I appreciate the opportunity to provide you with this update. As indicated at the meeting, we require that 75 percent of the impacted homeowners must be in favor of the barrier project. The **Westleigh** community has reached the required 75 percent concurrence. Therefore, SHA will continue with the final design and construction of the project. We anticipate that construction will begin in the Spring of 2001. I appreciate your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Sincerely,

Natalie B. Hardy
Special Assistant to the Director
Office of Environmental Design

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the October 19 informational meeting, hosted by the State Highway Administration (SHA) at the Quince Orchard High School, regarding a sound barrier for the Owens Glen and Westleigh communities along MD 28 in Montgomery County. I appreciate the opportunity to provide you with the following information from the meeting.

The purpose of the meeting was to discuss the sound barrier plans for the residences currently receiving high levels of traffic noise and to determine that at least 75 percent of those impacted property owners approve of the sound barrier placement. There were approximately 100 homeowners present. We wish to follow up with those homeowners who were unable to attend the meeting by providing them with copies of the materials distributed at the meeting. Enclosed, for your information, are copies of the distributed materials: the meeting's agenda; an information sheet listing typical noises in the environment; a plan sheet showing the sound barrier location, current noise levels and proposed noise reduction; cross-section views of the community; and a copy of our brochure, *Community Resource Guide On Sound Barriers*.

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

The State Highway Administration (SHA) will conduct a follow-up informational meeting for the Owens Glen and Westleigh communities regarding the proposed sound barrier along MD 28. This meeting is scheduled for Monday, October 16, 2000, at 7:00 - 9:00 p.m., at the Quince Orchard High School, 15800 Quince Orchard Road, Gaithersburg, Maryland. The purpose of this meeting is to present the latest information about the sound barriers and to determine if 75 percent of the impacted homeowners approve of the proposed sound barriers. This vote will be taken by ballots provided to each impacted homeowner. Displays will be available for viewing from 6:30 - 7:00 p.m.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on October 16. If you have any questions before the meeting, please feel free to contact Ms. Natalie Hardy, of my staff, at 410-545-8616 or 1-800-446-5962 or, by email, at nhardy@sha.state.md.us.

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the July 19 informational meeting regarding a proposed sound barrier for the «Comm» community along MD 28 in Montgomery County. I appreciate the opportunity to provide you with the following information.

The purpose of the meeting was to discuss several sound barrier options that SHA is analyzing for these communities as a result of the improvements planned for this section of MD 28. The residents were presented «Text» Once the analyses have been completed, another meeting will be held to present the findings and to determine if at least 75 percent of those property owners considered to be impacted because of the improvements are in favor of the project. Enclosed, for your information, are copies of the materials distributed at the meeting.

This project is being included with the improvements along MD 28, therefore, the actual start date may shift depending on the contractor. The finished surface of the proposed sound barrier has not been determined. The project is scheduled to begin construction in the Spring of 2001.

Dear «Title» «LastName»:

The State Highway Administration will conduct an informational meeting for the Owens Glen and Westleigh communities regarding the proposed sound barrier along MD 28. This meeting is scheduled for Wednesday, July 19, 2000, at 7:00 - 9:00 p.m., at the Quince Orchard High School, 15800 Quince Orchard Road, Gaithersburg, Maryland. The purpose of this meeting is to present information about the sound barrier. Displays will be available for viewing from 6:30 - 7:00 p.m.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on July 19. If you have any questions before the meeting, please feel free to contact Ms. Natalie Hardy, of my staff, at 410-545-8616 or 1-800-446-5962 or, by email, at nhardy@sha.state.md.us.

Sincerely,

Dear «Title» «LastName»:

RE: Property at «PremiseAddress»

The State Highway Administration (SHA) hosted the June 22 informational meeting at the Brooklyn Park Public Library regarding a sound barrier for the Morris Hill community along I-695 near the I-695/MD 2 interchange in Anne Arundel County. I appreciate the opportunity to provide you with the following information.

The purpose of the meeting was to present the improvement project, discuss the sound barrier plans for residents currently receiving high levels of traffic noise and the need to determine that at least 75 percent of those property owners approve of the placement of the barrier. Several property owners were present at the meeting.

The project consists of the design and construction of median widening to accommodate a third lane along both eastbound and westbound MD 695 between I-97 and MD 10. The project also includes design and construction of outside widening to increase the acceleration lane from southbound MD 2 to westbound MD 695 to meet the American Association of State Highway and Transportation Officials (AASHTO) Standards. The typical section of improvement will include 12-foot lanes, 6 to 11-foot shoulders, and a 2-foot barrier separating eastbound and westbound MD 695.

In addition, a sound barrier, as indicated in the environmental document, should be added to minimize noise impacts to the Morris Hill community. Noise wall 'A' indicates a location along eastbound I-695 between northbound I-97 and southbound I-895. Median lighting will replace the existing lighting system for the length of the project.

Page Two

Your petition indicating the disapproval of the proposed sound barrier is noted. The State's Sound Barrier Policy states that 75 percent of those impacted by highway traffic noise must be in favor of the project. Since the majority of the homeowners in this community are not in favor of the construction, a barrier will not be constructed. Taking this information into consideration, the property owners who were present at the meeting asked SHA to review the possibility of placing a berm-and-tree combination near their homes in place of the sound barrier. It was agreed that we would evaluate the feasibility of this suggestion. When completed, details will be forwarded.

Thank you for your interest in the State's Sound Barrier Program. If you have any additional questions or concerns, please do not hesitate to contact Ms. Natalie Hardy, Community Liaison, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Sincerely,

Charles B. Adams

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

The State Highway Administration will conduct an informational meeting for the Northview community regarding a proposed sound barrier adjacent to the northwest quadrant of the I-695/US 1 interchange in Baltimore County. The meeting is scheduled for Monday, January 22, 2001, from 7 to 9 p.m. in the Library of the Fullerton Elementary School, 4400 Fullerton Avenue, Baltimore, Maryland. The purpose of the meeting is to present information about the sound barrier for the community. Displays will be available from 6:30 to 7 p.m.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on January 22. In case of inclement weather or if you have any questions before the meeting, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Sincerely,

Charles B. Adams

«Title» «FirstName» «LastName»
«MailAddress»

Dear «Title» «LastName»:

This letter is to update you on the status of the sound barrier evaluation for the Parkwood community, along the outer loop of I-495 west of Cedar Lane in Montgomery County. I appreciate your patience while we have conducted our investigation.

We are finalizing our analysis of the Parkwood community to determine if the area meets the requirements for a sound barrier. It has taken us longer than originally anticipated to complete this work because of the weather and we now expect to provide you with the results of our analysis by the end of November.

Thank you again for your patience while we continue our investigation. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Sincerely,

for Natalie B. Hardy
Special Assistant to the Director
Office of Environmental Design

**Maryland Department of Transportation
State Highway Administration**

Parris N. Glendening
Governor

John D. Porcari
Secretary

Parker F. Williams
Administrator

December 14, 2000

«FirstName» «LastName»«Suffix»
«MailAddress»

Dear «Title» «LastName»:

The State Highway Administration (SHA) has been facing new challenges in meeting its program commitments with our existing workforce. As you know, we have been creative in utilizing the expertise of our consultant firms to address these challenges. The changes have resulted in circumstances where elected officials on occasion have contacted consultants directly to obtain information about projects. In order to ensure that the information provided to elected officials remains consistent, I would like the following guidelines to be followed:

1. If an elected official contacts a consultant, the consultant should answer technical questions.
2. If an elected official asks questions about policy matters, project schedules or funding, the consultant should refer him or her to appropriate SHA staff.
3. In all circumstances, when an elected official has contacted a consultant, the consultant should notify SHA immediately and provide information regarding the nature of the contact and the information conveyed.

I am asking that you advise your staff of these guidelines. Thank you for your assistance in this matter.

Sincerely,

Neil J. Pedersen
Deputy Administrator for
Planning and Engineering

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the State Highway Administration's (SHA) September 19 informational meeting conducted for the Princeton/Andrews Manor community in Prince George's County regarding the planned sound barrier project along I-95/I-495. I appreciate the opportunity to provide you with this update. As indicated at the meeting, we require that 75 percent of the impacted homeowners must be in favor of the barrier project. The Princeton/Andrews Manor community has reached the required 75 percent concurrence. Therefore, SHA will continue with the final design and construction of the project. We anticipate that construction will begin in the Spring of 2001. I appreciate your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Sincerely,

Natalie B. Hardy

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the September 19 informational meeting, hosted by the State Highway Administration at the Princeton Elementary School, regarding a sound barrier for the Princeton/Andrews community along the outer loop of I-95/I-495 near Auth Road in Prince George's County. I appreciate the opportunity to provide you with the following information from the meeting.

The purpose of the meeting was to discuss the sound barrier plans for the residences currently receiving high levels of traffic noise and to determine that at least 75 percent of those impacted property owners approve of the sound barrier placement. There were approximately four homeowners present. We wish to follow up with those homeowners who were unable to attend the meeting by providing them with copies of the materials distributed at the meeting. Enclosed, for your information, are copies of the distributed materials: the agenda; an information sheet listing typical noises in the environment; a plan sheet showing the sound barrier location, current noise levels and proposed noise reduction; cross-section views of the community; and a copy of our brochure, *Community Resource Guide On Sound Barriers*.

Construction of the project is currently scheduled to begin in the Summer of 2001. The portion of the sound barrier west of Auth Road will be similar to the existing sound barrier across the highway. The portion of the sound barrier east of Auth Road will have a brick appearance. The estimated time of construction could be approximately one year.

Thank you for your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

The State Highway Administration will conduct an informational meeting for the Princeton/Andrews Manor community regarding the proposed sound barrier along I-95/I-495 near Auth Road in Prince George's County. The meeting is scheduled for Tuesday, September 19, 2000, from 7:00 - 9:00 p.m., at the Princeton Elementary School, 6101 Baxter Drive, Suitland, Maryland. The purpose of the meeting is to present information about the sound barrier for the community. Displays will be available from 6:30 - 7:00 p.m.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on September 19. If you have any questions before the meeting, please do not hesitate to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Dear «Title» «LastName»:

This letter is to update you on the status of the sound barrier evaluation for the Rock Creek Hills community, along the outer loop of I-495 between Stoneybrook Drive and Connecticut Avenue, in Montgomery County. I appreciate your patience while we have conducted our investigation.

We are finalizing our analysis of the Rock Creek Hills community to determine if the area meets the requirements for a sound barrier. It has taken us longer than originally anticipated to complete this work because of the weather and we now expect to provide you with the results of our analysis by the end of November.

Thank you again for your patience while we continue our investigation. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

«Address»

Dear «Title» «LastName»:

The State Highway Administration (SHA) has been evaluating the northern portion of the Timberview community, in Howard County, along southbound I-95 from Montgomery Road to the end of the existing sound barrier, to determine whether the community is eligible for an extension of the existing barrier. I appreciate your patience while we conducted this review.

It is my pleasure to inform you that this community meets the technical requirements for this extension. The next step is for Howard County to agree to fund 20 percent of the cost of this extension. We will need this commitment before we can consider State funding for this work. Information regarding the funding requirements will be forwarded to County Executive James N. Robey, and we will coordinate with the County concerning this issue. We will keep you informed as we work through this process.

Thank you again for your patience and your interest in the State's Sound Barrier Program. If you have any questions, please feel free to contact Mr. Charles B. Adams, SHA's Director of Environmental Design, at 410-545-8640 or 1-800-446-5962 or, by e-mail, at cadams@sha.state.md.us.

Sincerely,

Parker F. Williams

Dear «Title» «LastName»:

This letter is to update you on the status of the sound barrier project to extend the existing sound barrier for the northern portion of the Timberview community, along southbound I-95 in Howard County. I appreciate your patience while we have been conducting our evaluation and the opportunity to provide the following information.

We are finalizing our analysis of the northern portion of the Timberview community to determine if it meets the requirements for a sound barrier. It has taken us longer than originally anticipated to complete this work and we now expect to provide you with the results of our analysis by the end of July.

Thank you again for your patience while we continue to conduct our investigation. If you have any questions, please feel free to contact Ms. Natalie Hardy, of our staff, at 410-545-8616 or 1-800-446-5962.

Sincerely,

Charles B. Adams
Director
Office of Environmental Design

«Title» «FirstName» «LastName»«Suffix»
«HouseNo» «PremiseAddress»

Dear «Title» «LastName»:

This letter is a follow-up to the June 13 informational meeting, hosted by the State Highway Administration (SHA) at the home of Mr. and Mrs. Bryce R. MacNaughton, regarding a sound barrier for the Wildwood Hills community along the I-270 West Spur in Montgomery County. I appreciate the opportunity to provide you with the following information.

The purpose of the meeting was to discuss the proposed sound barrier plans for residents currently receiving high levels of traffic noise and the need to determine that at least 75 percent of those residents either approve or disapprove of the placement of the barrier. Approximately six property owners were present at the meeting and we wish to follow up with those impacted homeowners not in attendance to determine whether they approve or disapprove the proposed sound barrier.

We have provided the following items: a copy of the meeting's agenda; a table listing typical sounds and their respective decibel levels; a copy of SHA's brochure, Community Resource Guide On Sound Barriers; a copy of the displays from the meeting that indicate current noise levels, proposed noise reduction and placement of the proposed sound barrier; and a voting card that asks for your selection and signature for the approval or disapproval of the proposed sound barrier project. If two homeowners are indicated on the card, a selection should be chosen and both signatures should be written. The enclosed voting card is postage paid. Please indicate your choice, sign the card, fold it in half and seal it with tape and return it as soon as possible. After the voting cards are all received, the results will be forwarded to you.

The sound barrier project is currently scheduled to begin construction in the Spring of 2001 and will take up to two years to complete. The finished surface of the proposed sound barrier will be an exposed aggregate on the residential side and a double-raked finish on the highway side of the barrier.

Dear «Title» «LastName»:

The State Highway Administration will present information at the Wildwood Hills Community Meeting regarding the proposed sound barrier along the I-270 West Spur. This meeting is scheduled for Tuesday, June 13, 2000, at 7:00 p.m., at the home of Mr. and Mrs. Bryce T. MacNaughton, 7111 Thomas Branch Drive, Bethesda, Maryland. The purpose of this presentation is to bring the community up to date on the progress of the sound barrier project.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on June 13. If you have any questions before the meeting, please feel free to contact Ms. Natalie Hardy, of my staff, at 410-545-8616 or 1-800-446-5962 or, by email, at nhardy@sha.state.md.us.

Sincerely,

Charles B. Adams

«MailAddress»

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow-up to the State Highway Administration's (SHA) July 18 informational meeting conducted for the Wildwood Manor community in Montgomery County regarding the planned sound barrier project along the I-270 East Spur. I appreciate the opportunity to provide you with this update. As indicated at the meeting, we require that 75 percent of the impacted homeowners must be in favor of the barrier project. The Wildwood Manor community has reached the required 75 percent concurrence. Therefore, SHA will continue with the final design and construction of the project. We anticipate that construction will begin in the Spring of 2001. I appreciate your interest in the State's Sound Barrier Program. If you have any questions or concerns, please do not hesitate to contact me at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Sincerely,

Natalie B. Hardy
Special Assistant to the Director
Office of Environmental Design

Dear «Title» «LastName»:

RE: Property at «HouseNo» «PremiseAddress»

This letter is a follow up to the July 18 informational meeting, hosted by the State Highway Administration (SHA) at the Ashburton Elementary School, regarding a sound barrier for the Wildwood Manor community along the I-270 East Spur in Montgomery County. I appreciate the opportunity to provide you with the following information.

The purpose of the meeting was to discuss the sound barrier plans for residents currently receiving high levels of traffic noise and the need to determine that at least 75 percent of those property owners approve of the placement of the barrier. Enclosed, for your information, are copies of the materials distributed at the meeting. «Text»

Several issues were raised and several homeowners asked SHA to extend the sound barrier beyond Rossmore Court. They also asked us to discuss the removal of the right-of-way fence with each homeowner. We will review and evaluate these requests and, once our review is completed, we will forward the results.

Construction on the sound barrier project is currently scheduled to begin in the Spring of 2001 and will take up to two years to complete. As this project is being included with the improvements along I-270, therefore; the actual start date may shift depending on the contractor. The finished surface of the proposed sound barrier will be an exposed aggregate on the residential side and a double-raked finish on the highway side.

My telephone number is _____

Dear «Title» «LastName»:

The State Highway Administration will conduct an informational meeting for the homeowners of the Wildwood Manor community to report on the progress of the sound barrier project along I-270. The meeting is scheduled for Tuesday, July 18, 2000, from 7:00 - 9:00 p.m. at the Ashburton Elementary School, 6314 Lone Oak Drive, Bethesda. Displays will be available for viewing from 6:30 - 7:00 p.m.

Your attendance at this meeting would be appreciated. We look forward to meeting with you on July 18. If you have any questions before the meeting, please feel free to contact Ms. Natalie Hardy, Community Liaison, at 410-545-8616 or 1-800-446-5962 or, by e-mail, at nhardy@sha.state.md.us.

Sincerely

Charles B. Adams
Director
Office of Environmental Design

Dear «Title» «LastName»:

This letter is a follow-up to the January 19 informational meeting, hosted by the State Highway Administration (SHA), regarding a sound barrier for the Barnett Road/Wolfe's Subdivision community, along I-495 (outer loop) in the northeastern quadrant of the I-270/I-495 junction, in Montgomery County. I appreciate the opportunity to provide you with the following information.

The purpose of the meeting was to discuss: the proposed sound barrier plans for residents currently receiving high levels of traffic noise; the schedule for the project; and the need to determine that at least 75 percent of the impacted residents approve of the sound barrier placement.

Three households were represented at the meeting and we wish to follow-up with those not in attendance. We are providing the following information: a copy of the display from the meeting that indicates current noise levels and proposed noise reduction; and a voting card that asks for your selection and signature for the approval or disapproval of the proposed barrier. The project is funded for design and construction. We plan to begin construction in the Spring of 2001.

In order to move forward with this project, at least 75 percent of the impacted homeowners must be in favor of the project. On the enclosed voting card, please check your selection, sign and return the postage paid card as soon as possible. Once all the voting cards are received and tabulated, we will inform you of the results.
